

# HELPS PREVENT FALLS

For use on almost all sliding doors and windows

## How to use the Window Wedgie:

Make sure window or door surface and suction cup are clean

Set Window Wedgie so window is open no more than 4"

Press firmly onto glass from center of wedgie

Test to make sure Window Wedgie is secure and door or window stops

Heat and cold may affect suction strength so check Window Wedgie regularly

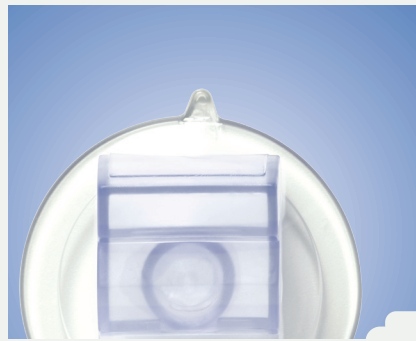

To remove, simply lift up on the tab on the suction cup

PLACE WINDOW WEDGIE OUT OF THE REACH OF CHILDREN

For added security, use 2 Window Wedgies per door/window

Warning: Window Wedgie is not a substitute for adult supervision.
